

Practical strategies for effective SEF writing

Summary

This practical one day training course will provide you with the knowledge needed to complete the new Ofsted SEF in a simple and succinct way. The course explains the principles of a successful SEF and will support you to draw links between pupil outcomes, the provision, and leadership and management of your school. It looks at the generic skills of SEF writing so you can apply these to your own SEF back at school after the course.
